Hello Russ:

We have been dedicating a substantial amount of time to a PCBs in school project. I was not able to complete revisions to the approval. I have also been away from the office and this is my first week back. I am working today on the approval. If all goes well, I anticipate having a signed approval to you by the end of September 2014 or earlier, if possible.

I really appreciate your patience.

Thank you for your courtesies.

Sincerely,
Carmen
